

To whom it may concern:

May 11, 2005

I have known Mr. Cannon McCray for the past 9 weeks. He was a student in my Beginning Gas Metal Arc Welding Class. He is very proficient in his welding, very punctual, dependable, motivated, a self-starter, and has a good attitude about his work and gets along with others.

In my opinion, I think Mr. McCray would make a very good employee.

Thank You.
